

New Lead Generation Program

Travel Planners International, Inc. is pleased to offer our Independent Contractors a new program to increase your sales and grow your database. We have created the best Lead Generation Program in existence for our trained & certified independent contractors.

Our Lead Generation Program offers nothing but the best. From the best advertisement, to the best leads, we have created a program that will ensure you are receiving high quality clients to increase your business.

Our professionals in the Marketing and Business Development Department have analyzed many other lead generation programs and created one that will truly benefit your business.

Why is the TPI's Lead Generation Program better.

Features of the Program

No Discounted Commission on purchased leads

No shoppers or clients that are concerned only with price

Purchased Leads are yours for life

We will not sell leads to multiple agents

High quality advertisement created with the luxury or premium travellers in mind

High quality products to only attract sophisticated clients

We have created premium advertisements, placed in the best consumer publications to attract the best client. We then match these sophisticated travellers with the knowledge and expertise of one of our "Vacation Experts" (that's you) and you earn your full commission and keep the client for life.

So why not try it out today? This may be just what your business needs to get a jumpstart. Register for the Lead Generation Program now!
