

# MySabre

MySabre surpasses all other travel agency desktop solutions with its speed, ease of use and intelligent integration features.

The *MySabre*® agent booking portal gives you easy access to more of what you need for your business — including the *Sabre*® system — right from your desktop.

## More for your customers

- The industry's lowest fares, including content from over 400 airlines worldwide, plus 80,000 hotel properties and 37 car rental companies
- Destination details, hotel photos and maps, currency converter, travel alerts and weather information
- Special offers based on your customers' travel arrangements

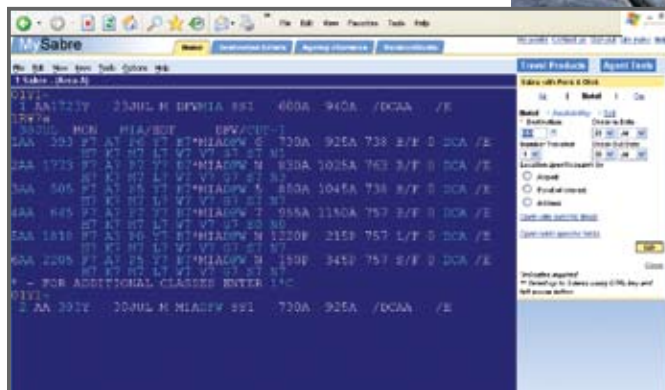

## More for you

- Streamlines your booking process with integrated content right from your desktop, including commissionable vacation packages and cruises through *VacationStudio*™
- Boosts your sales skills with the right content delivered at the right time
- Provides new sales opportunities through interactive offers
- Increases productivity with the *Sabre* system's point-and-click feature (no formats needed), or with the *Sabre* system formats — you decide

- Improves usability through a highly intuitive graphical seat maps feature
- Improves your efficiency through automatic alerts on your desktop that inform you of the availability of an *Unused eTicket*

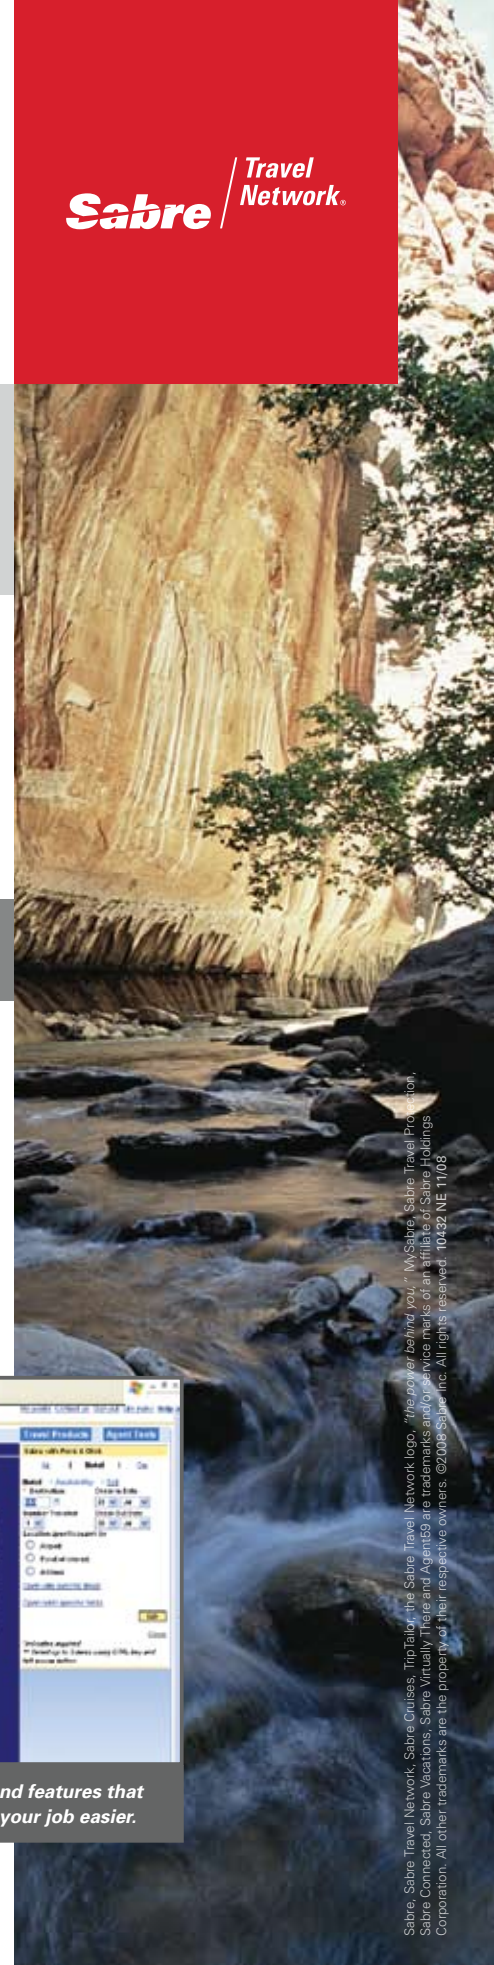

## Start using MySabre today

*MySabre* is free to all *Sabre Connected*™ agencies.\* To download *MySabre*, go to <https://my.sabre.com>. When you download *MySabre*, it will automatically run a system check to ensure you have all the necessary components. For more information, visit the *MySabre* community page on *Agency eServices* at <https://eservices.sabre.com>.

*With everything you need right from your desktop, and features that alert you to better value deals, MySabre helps make your job easier.*

\* Pricing will remain the same for those additional products and services for which you are currently charged, including access and connectivity.
